

Service Catalogue & Portfolio 2026

Technology and online operational support for OTA and tourism companies. We manage, create and optimise your OTA platforms and property management software, audit your channel manager, and build custom software for your operation.

Gross volume processed	Bookings synced	Travellers served	Gross margin
€1,852,584	31,403	83,368	91.91%

What we solve

- Listings that never reach Page 1 on Viator, GetYourGuide, Tiqets or Civitatis.
- Double-bookings and channel desynchronisation caused by unmapped resources.
- Slow guest replies destroying conversion and account health.
- Revenue leakage from cancellations, rate disparity and missing pricing tiers.
- Manual back-office work that should be automated or handled by a dedicated team.

OTA Platform Management

Viator · GetYourGuide · Booking.com · Airbnb · Expedia · Tiqets · Civitatis · Klook

from €349 / month · per platform · setup €199

- New listing creation and full account setup
- Content, photography sequencing, pricing and availability optimisation
- Customer messages, review replies and dispute handling
- Partner and account manager relationship handling
- Weekly performance reporting

Property Management Software

Bókun · Cloudbeds · Hostaway · Guesty · Lodgify

from €449 / month · per property · setup from €299

- PMS setup, migration and configuration
- Reservations, rate plans and inventory management
- Guest communication and pre-arrival flows
- Third-party integrations (payments, locks, CRM)
- Client and partner account management

Channel Manager Audit

SiteMinder · RateGain · STAAH · MyAllocator · Rentals United

€599 one-time · delivered in 5 business days

- Full channel mapping and rate parity audit
- Overbooking and sync error diagnostics
- Restrictions, derived rates and LOS review
- Prioritised fix list with owner and ETA

- Optional 30-day implementation support

Specialist Travel Marketing

For tour operators, DMCs, boutique hotels and vacation rentals

from €699 / month · scoped per channel

- Travel-focused SEO and content
- Google and Meta ads for tours and stays
- Email and guest re-engagement flows
- OTA ranking and conversion optimisation
- Monthly strategy call and reporting

Custom Software Development

Internal tools built around your operation

quoted per scope

- Booking dashboards, manifests and dispatch tools
- API integrations between OTAs, PMS and your website
- Automated reporting and reconciliation
- Website booking widgets and landing pages
- Maintenance and support retainer

Technology partners & clients

Technology partners: Best in Rome Tour, Avenza Tour. Digital operational support clients: Epic Roma, Premium CityTour, SR City Tours, Hello Italia Tour.

How we work

- Short discovery call to scope your operation and channels.
- Written proposal with fixed per-service pricing.
- Invoice issued after approval — bank transfer, no card gateway required.
- Onboarding without master password sharing; we configure secure administrative access.
